

Innovation
Leading Engineering
True Partnership

Established in 1950, Silbermann's Medical Gas System products have been trusted by hospitals around the world. Supplying a range of top-quality products worldwide, Silbermann has earned global recognition as a leader in designing and manufacturing booms/pendants for OT & ICU's, medical gas delivery systems, oxygen and vacuum therapy equipment and patient care solutions.

One Area of Expertise, Many Areas of Application

Silbermann invests its full energies and resources in one area of expertise - medical gas systems. We consistently provide solutions to various markets and offer a wide range of innovative products, varying in size and application, including:

Medical Gas Pipeline Systems

Medical Architectural Equipment

Booms/Pendants

Central Supply Systems

Oxygen & Suction Therapy

Safe and Reliable

Silbermann products incorporate proven design and engineering features. Together with its quality management systems ISO 9001-2015 & EN ISO 13485-2016 Silbermann offers a durable warranted solution that complies with international standards. All our products are CE marked for Medical Device Directive (93/42/EEC) by the German notified body TÜV-SÜD.

Our products comply with NFPA99, ISO7396, G0-1 & HTM 02-01 where applicable, giving global customers a total solution.

Education and Experience

More than six decades of designing and manufacturing medical gas systems have made Silbermann a knowledge center for those working in the field of medical gas systems. Silbermann offers its customers and channel-partners special training in medical gas systems design, maintenance and standards. Silbermann is capable of carrying out turn-key projects including modular OTs , oxygen generation plants and more.

Global Partnership

Silbermann, a family owned business, is managed today by the family's 3rd generation.

We feel that business means people dealing with people. We pride ourselves on our reputation for having long-lasting relationships with our customers, spanning over decades and distances and for building solid, long-term relationships based on commitment and trust.
